

DEPUTY OPERATIONS MANAGER
POLYURETHANE COATINGS/ADHESIVES/BINDERS

We are the leading UK manufacturer of polyurethane coatings, adhesives, binders and foam systems supplied from our base in Warwick. We have significant above average growth and require a Deputy Operations Manager, to support our Operations Manager in their responsibilities. Those responsibilities include the effective management of our site – incoming logistics, production, dispatch, warehousing and administration operations. The company's operation involves fast moving volume polymerization and blending operations.

The responsibilities of the Deputy Operations Manager include supporting the Operations Manager in:

- Health and Safety of all personnel on site
- Control of the environmental risk of the site and pollutants
- Quality of the product ensuring it is made to specification, on time and orders are completed
- Responsibility for coordinating company's HR requirements

The day to day duties are:

- Reviewing production processes
- Look for quality improvements/ inefficiencies
- Support the business which is growing strongly through development of new products
- Liaising with the Operations Manager and Production Team

You will require:

- Good commitment, leadership and excellent organizational abilities
- Attention to detail and ability to use initiative to overcome day to day issues
- Self-motivated with a strong drive to achieve tangible results within short time frames
- Good communication skills
- At least 4 years' experience in a chemical operation involving polymerization and blending operations
- 2:1 degree or equivalent in Material Science (Polymers)/Chemistry or Chemical Engineering

- After training, the ability to work on your own with support from the Operations Manager.

What we offer:

- The opportunity to work for a highly successful business, part of US based ICP Group; as part of a successful team in a stimulating fast moving, high growth operation
- Full training in the production aspects of polyurethane chemistry
- Competitive salary, phone and enhanced pension scheme after one year

Required: Immediately

An excellent remuneration package is offered. Successful candidates will be expected to be located within 30 minutes of Warwick.
