

Project Key Facts

Product: LeesonBound PU4844

Aggregate: Silver Blue

Area: 200m²

Date: October 2020

Adlington, Cheshire

This new build property, set in the heart of the village of Adlington, had LeesonBound installed on its large driveway. Being a modern house, the owners chose a modern surface making for a spectacular entrance. The silver blue aggregate colour is currently on trend and compliments the surroundings giving a luxury feel to the development. Using LeesonBound means they get a BBA approved product giving them the peace of mind that their investment will be long lasting, is SUDS compliant and low maintenance.
